History of the Present is a journal devoted to history as a critical endeavor. Its aim is twofold: to create a space in which scholars can reflect on the role history plays in making categories of contemporary debate appear inevitable, natural, or culturally necessary; and to publish work that calls into question certainties about the relationship between past and present that are taken for granted by the majority of practicing historians.

In this article Michel Foucault 's method of writing a " history of the present " is explained, together with its critical objectives and its difference from conventional historiography. Foucault ' s shift from a style of historical research and analysis conceived as " archaeology " to one understood as " genealogy " is also discussed, showing how the history of the present deploys genealogical inquiry and the uncovering of hidden conflicts and contexts as a means of re-valuing the ...

What is involved in writing a history of the present? It's not quite the oxymoron it may appear to be. It is often enough that we find ourselves in the middle of complicated, confusing, and interwoven events locally, regionally, or globally -- events that require much the same sort of conceptual and integrative work that the Manchu conquest of China or the Odessa mutiny requires for the traditional historian.

History of Present Illness (HPI) Obtaining an accurate history is the critical first step in determining the etiology of a patient's problem. A large percentage of the time, you will actually be able to make a diagnosis based on the history alone. The value of the history, of course, will depend on your ability to elicit relevant information.
