In *How to Super Tune and Modify Holley Carburetors*, best selling author Vizard explains the science, the function, and most importantly, the tuning expertise required to get your Holley carburetor to perform its best for your performance application.

Seventeen-year-old Tracy Miller met the love of her life . . . thirty years after her own death. Tracy was working at the House of Horrors at the Amazing Lands Theme Park when the fire broke out. Instead of running, she lost her life trying to save eleven-year-old Mack. Now thirty years have passed, and suddenly everything changes with the arrival of two new ghosts: a little girl named Ashley and a cute seventeen-year-old boy named Josh. Josh would do anything for Tracy, but can he help her let go of the past and accept his love? *Ride of Your Life* is a bittersweet, romantic, YA ghost story that was inspired by a true event: the Great Adventure Haunted Castle fire, which killed eight teenagers in 1984. It is a fantasy novel about undying love, and it won third-place in Smart Writer's Write It Now (W.I.N.) contest in the YA category, which was judged by Alex Flinn, the author of *Beastly* and *Cloaked*. Hang on. Love can be as terrifying as a roller coaster, but it can also be the *Ride of Your Life*.

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.

This self-contained volume explains perturbation techniques by means of solved problems. Ideal for self-study, it provides 360 solved problems and an almost equal number of supplementary problems.

The well-intentioned protagonists of *Brief Encounters with Che Guevara* are caught -- to both disastrous and hilarious effect -- in the maelstrom of political and social upheaval surrounding them. In "Near-Extinct Birds of the Central Cordillera," an ornithologist being held hostage in the Colombian rain forest finds that he respects his captors for their commitment to a cause, until he realizes that the Revolution looks a lot like big business. In "The Good Ones Are Already Taken," the wife of a Special Forces officer battles a Haitian voodoo goddess with whom her husband is carrying on a not-entirely-spiritual relationship. And in "The Lion's Mouth," a disillusioned aid worker makes a Faustian bargain to become a diamond smuggler for the greater good. With masterful pacing and a robust sense of the absurd, each story in *Brief Encounters with Che Guevara* is a self-contained adventure, steeped in the heady mix of tragedy and danger, excitement and hope, that characterizes countries in transition. Through Fountain's rounded and novelistic prose, these intelligent and keenly observed stories are painted in provocative and vibrant detail across a global canvas. *Brief Encounters with Che Guevara* marks the arrival of a striking and resonant new voice that speaks adeptly to the intimate connection between the foreign, the familiar, and the inescapably human.

Author Steve Sharp tells his students that the thesis statement is the sun around which EVERYTHING in their paper orbits. Every sentence must fall within its gravitational pull and obey rational orbital laws. Otherwise chaos ensues. If you really want to succeed in the academic world, you simply can't afford to leave your readers scratching their heads after they've read your paper, wondering, "What's the point of this? Why was this written?" **MASTERING THE THESIS STATEMENT** teaches you just about everything you need to know to write an effective thesis statement and improve the quality of your academic writing. Because writing is such hard work, you may have to revise your thesis many, many times before you discover the gem that shines brightest - a thesis that not only suits the content and purpose of your paper but also truly reflects what you're trying to say.

With three months remaining of her marriage of convenience, Savannah is ready to say goodbye to her spoiled rich boy of a husband. He's annoying and argumentative and used to always getting his way. Sure, he's hot. And maybe occasionally a little bit sweet. But she doesn't want to stay married to him. Not at all. He needed a wife for a year so he could inherit his grandmother's fortune, and she needed to pay off her family's debts. That's all their marriage has ever been about. So she really needs to stop falling into bed with him.

Who in his right mind wants to talk to a shrink? I don't want to talk about anything. I don't want to feel anything, taste anything ... or anything. The lyrics "just dying to die" run around in my brain day and night... Fifteen-year-old Sam is in pain. He comes to the therapist's office unwillingly, angry, depressed, and filled with guilt over his own self-destructive behavior. He is being drawn deeper and deeper into a black hole of despair from which he sees no way out. The Road Back This is the Real-life story of Sam's Recovery, told from tapes of his therapy sessions. It tells what drove him to leave home, how he survived on the street, and why he was desperate to escape from the brutality of the gang that had become his "family" and from the torment of his own self-loathing. For every teen who has experienced the pain and loneliness of a no-way-out darkness, and for all those who love them, here is the light that can lead the way back.
