In COLLEGE MATHEMATICS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES, Soo T. Tan provides an accessible yet accurate presentation of mathematics combined with just the right balance of applications, pedagogy, and technology to help students succeed in the course. The new Sixth Edition includes highly interesting current applications and exercises to help stimulate student motivation. An exciting new array of supplements provides students with extensive learning support so instructors will have more time to focus on teaching core concepts.

The author has designed this text to be one students want to read - and actually do read because of the patient explanations, useful tools, and applications. Numerous examples and solved problems are used to amplify each new concept, and figures are used extensively to help students visualize the ideas being presented. Like COLLEGE MATHEMATICS, FOURTH EDITION and other texts in the respected Tan series, APPLIED CALCULUS, FOURTH EDITION includes a wealth of interesting and relevant applications drawn from the fields of business, economics, and the social, behavioral, life, and physical sciences. More than enough material is included for the typical applied calculus course, so instructors can design a course that meets their needs (optional sections are marked in the table of contents). For those instructors who want to integrate technology into their course, this edition includes optional graphing utility exercises and examples.

Prepare for exams and succeed in your mathematics course with this comprehensive solutions manual! Featuring worked out-solutions to the problems in APPLIED CALCULUS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES, 9th Edition, this manual shows you how to approach and solve problems using the same step-by-step explanations found in your textbook examples.
