The service engine soon light is often mistaken for the check engine light. The check engine light is a light to warn you to a possible issue with your exhaust system or emissions system. The service engine soon light can come on for minor issues like a loose gas cap, or for more major problems such as possible engine failure. Your Service Engine Soon Light Should Not Cause You to Panic. The light does say service engine soon, but you may not necessarily have to make any major repairs soon.

What Does the Service Engine Soon Light Mean on a Nissan ...

The best way to determine why the check engine light in your Nissan came on is to stop by an authorized service center. However, if it's a steady, unblinking light, we do recommend checking the gas cap--especially if you've just filled up. A loose gas cap can cause the check engine light to turn on, as will a gas cap with a crack in it.

5 Things to Know About Your Nissan Check Engine Light in ...

Your Nissan check engine light should come on under normal operation when you insert the key in the ignition. After 5 seconds or once you start the engine, the light should turn off as long as no fault codes are present. If the check engine light stays on, the problem can be something as simple as a loose gas cap or a faulty oxygen sensor.

Troubleshooting Nissan Check Engine Light | YOUCANIC

Nissan cars have become more technologically advanced in recent years. ECU (Engine Control Unit) computers are now an integral part of Nissan car design. The ECU constantly monitors and governs many functions, including the electrical and safety systems of the car, and engine management. When this unit detects a problem, the SES (Service Engine Soon) light on the dashboard turns on to indicate that there's an issue that needs attention.

How to Turn Off a Check Engine Light on a Nissan | It ...

Today we're looking specifically at what the meaning is behind the check engine light in Nissan models and the most common things that trigger it. Most common reasons for a check engine light At the core of it, one of the many systems managed connected to your engine or exhaust is failing, and when the computer senses this, it triggers a light.

Meaning of check engine light in Nissan models

Your Nissan vehicle comes equipped with a service light which reads "service engine soon." This light warns you that there is a problem with the vehicle's emissions control system. This system is very important as it regulates and controls the air to fuel ratio as well as a number of other vehicle functions. A free diagnostic scan can be done to diagnose the problem at most auto parts stores.

How to Reset the Service Engine Soon Light on My Nissan ...

Turn the ignition key to the "On" position, without starting the engine. Wait three seconds. Depress and release the gas pedal five times in five seconds, then let the pedal up. Count seven seconds and then

Read Free Check Engine Soon Light Nissan Altima

depress the gas pedal and hold it down for 10 seconds. As soon as the service engine soon light starts flashing trouble codes, let the pedal up.

How to Reset the Service Engine Soon Light on a Nissan ...

Nissan actually has a procedure to access the fault codes and to erase them and reset the computer. The majority of late model cars have a check engine light for the computer and a service engine soon light for required maintenance like oil changes. Nissan only uses one light --- the service engine soon light --- to take care of these functions.

How to Reset the ECU (Service Engine Soon Light) on a ...

Service Engine Soon Light Meaning If the 'Service Engine Soon' light comes on, it means that there is a minor problem with the electronics or the engine of your car. Some manufacturers use them as a check engine light for minor problems. It could also mean that it is time for a scheduled service, such as oil or spark plug replacement.

Service Engine Soon Light [How to fix it?] Meaning & Causes

Another possible culprit triggering the "service engine soon" light is misfiring spark plugs. Spark plugs on older vehicles (before 1996) needed to be changed every 40,000 to 50,000 kilometers; on more modern vehicles spark plugs can go to 150,000 km before needing to be changed. Faulty spark plugs can cause your engine to misfire.

The "Service Engine Soon" Light on Your Dash Might Just ...

Other Issues: Flashing Check Engine Light- Nissan Frontier While a majority of the time, the flashing check engine light is going to be caused by a misfire related to your Frontier's ignition system or fuel system (as stated above), there are other issues that can cause it. Your timing chain could have jumped.
