Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Building Citizenship: Civics & Economics engages students in principles that serve as the foundation of our government and economy while emphasizing real-life citizenship and personal financial literacy. This practical, interactive Civics and Economics curriculum includes a strong emphasis on critical thinking, project-based learning, document-based analysis and questions, and the development of close reading skills. Connect to core civics and economics content with an accessible, student-friendly text aligned to the Understanding by Design® instructional approach

"Involving students in real historical problems that convey powerful lessons about U.S. history, these thought-provoking activities combine core content with valuable practice in decision making, critical thinking, and

understanding multiple perspectives. O'Reilly - an experienced, award winning teacher - has students tackle fascinating historical questions that put students in the shoes of a range of people from the past, from the rich and famous to ordinary citizens. Each lesson can be done either as an in-depth activity or as a "quick motivator." Detailed teacher pages give step-by-step instructions, list key vocabulary terms, offer troubleshooting tips, present ideas for post-activity discussions, and furnish lists of related sources. Reproducible student handouts clearly lay out the decision-making scenarios, provide "outcomes," and present related primary source readings and/or images with analysis questions"--Page 4 of cover.

V is for Vulnerable by Seth Godin is a full-color ABC book for grown-ups, with a powerful message about doing great work. V is for Vulnerable looks and feels like a classic picture book. But it's not for kids, it's for hardworking adults. It highlights twenty-six of Seth Godin's principles about treating your work as a form of art, with illustrations by acclaimed cartoonist Hugh MacLeod. A sample: A is for Anxiety, which is experiencing failure in advance. Tell yourself enough vivid stories about the worst possible outcome and you'll soon come to believe them. Worry is not preparation, and anxiety doesn't make you better. F is for Feedback, which can be either a crutch or a weapon. Use it to make your work smaller, safer, and more likely to please everyone (and fail in the long run). Or use it as a lever to further push you to embrace what you fear and what you're capable of. This is unlike any previous Godin book and makes a great gift, both for loyal fans and those who've never read him before. Seth Godin is the author of thirteen international bestsellers that have changed the way people think about marketing, the ways ideas spread, leadership and change including Permission Marketing, Purple Cow, All Marketers are Liars, The Dip and Tribes. He is the CEO of Squidoo.com and a very popular lecturer. His blog, www.sethgodin.typepad.com, is the most influential business blog in the world, and consistently one of the 100 most popular blogs on any subject.

Bold, full-color graphic illustrations and exciting text work together to explain to reluctant readers events that shaped the course of American history.

THE WORDS WE LIVE BY takes an entertaining and informative look at America's most important historical document, now with discussions on new rulings on hot button issues such as immigration, gay marriage, gun control, and affirmative action. In THE WORDS WE LIVE BY, Linda Monk probes the idea that the Constitution may seem to offer cut-and-dried answers to questions regarding personal rights, but the interpretations of this hallowed document are nearly infinite. For example, in the debate over gun control, does "the right of the people to bear arms" as stated in the Second Amendment pertain to individual citizens or regulated militias? What do scholars say? Should the Internet be regulated and censored, or does this impinge on the freedom of speech as defined in the First Amendment? These and other issues vary depending on the interpretation of the Constitution. Through entertaining and informative annotations, THE WORDS WE LIVE BY offers a new way of looking at the Constitution. Its pages reflect a critical, respectful and appreciative look at one of history's greatest documents. THE WORDS WE LIVE BY is filled with a rich and engaging historical perspective along with enough surprises and fascinating facts and illustrations to prove that your Constitution is a living--and entertaining--document. Updated now for the first time, THE WORDS WE LIVE BY continues to take an entertaining and informative look at America's most important historical document, now with discussions on new rulings on hot button issues such as immigration, gay marriage, and affirmative action.
