SUB TITLE:A Culinary Mystery

When a literary agent dies at a library fundraiser, Sadie Hoffmiller finds herself on the trail of the murderer. As she digs deeper into the mystery she discovers connections to an unsolved decade-old murder-suicide.

Part-time detective and full-time food lover Sadie Hoffmiller has traveled to the Florida Keys to help her new friend, Eric, track down the whereabouts of his missing daughter, Megan.

Being the seventh daughter of a seventh daughter of a seventh daughter could be somewhat frustrating for Destiny Diane Dickson. Especially since her "special ability" has yet to make itself known. Well, at least she has her diner and somehow always knows just what culinary delight certain customers need. Carlee Logan is having a day from hell. Instead of a promotion, she's being transferred to the Siberia of job assignments in Alaska because of a lecherous co-worker and his jealous wife's connections. As if on cue, the pushy waitress at Destiny's Diner insists Baked Alaska is just what she needs. Coincidence? Maybe not. With her first bite, the oddest thing happens. Oh yes, the oddest and most wonderful thing. She's transported to a snow-covered fantasy with a man who claims they're engaged. She's not sure if she's gone off the deep end, but she's more than ready for another taste of sexual bliss.

Cooking aficionado turned amateur detective Sadie Hoffmiller tries to solve the murder of her beautiful young neighbor--a single mother who was mysteriously lured from her home while a lemon tart was baking in her oven. At the heart of Sadie's search is the woman's missing two year-old child.

Sadie Hoffmiller is working undercover for the BLM on an archeological site in New Mexico when she stumbles across a pair of recently deceased bodies and becomes involved in the black market world of Indian artifact theft.

Sadie Hoffmiller is busily adding the final touches to her wedding plans, but the arrival of a mysterious letter that bears a San Francisco postmark and no return address could change everything. The only person Sadie knows in San Francisco is her older sister, Wendy, whom she hasn't seen or heard from since their mother's funeral nearly fifteen years ago.

Tender Christmas story of love, loss, hope, and healing.

As the hours to Turkey Day tick away, the pressure cooker is on for Hayley to serve up the culprit on a silver platter in *A Deadly Feast*, national bestselling author Lucy Burdette's taste-tempting ninth Key West Food Critic mystery.

The wondrous Aimee Bender conjures the lush and moving story of a girl whose magical gift is really a devastating curse. On the eve of her ninth birthday, unassuming Rose Edelstein, a girl at the periphery of schoolyard games and her distracted parents' attention, bites into her mother's homemade lemon-chocolate cake and discovers she has a magical gift: she can taste her mother's emotions in the cake. She discovers this gift to her horror, for her mother—her cheerful, good-with-crafts, can-do mother—tastes of despair and desperation. Suddenly, and for the rest of her life, food becomes a peril and a threat to Rose. The curse her gift has bestowed is the secret knowledge all families keep hidden—her mother's life outside the home, her father's detachment, her brother's clash with the world. Yet as Rose grows up she learns to harness her gift and becomes aware that there are secrets even her taste buds cannot discern. *The Particular Sadness of Lemon Cake* is a luminous tale about the enormous difficulty of loving someone fully when you know too much about them. It is heartbreaking and funny, wise and sad, and confirms Aimee Bender's place as "a writer who makes you grateful for the very existence of language" (San Francisco Chronicle). BONUS: This edition includes an excerpt from Aimee Bender's *The Color Master*.
