Give Up the Ghost: Amazon.co.uk: Megan Crewe ...
Crewe's first effort will make readers wonder what else she's got up her sleeve." - Kirkus Reviews
"This coming-of-age novel avoids unrealistically neat moments of closure—it will make readers hurt, and maybe even believe."

Give Up the Ghost by Megan Crewe
I enjoyed Give Up The Ghost by Megan Crewe. This in my opinion is aimed at a much younger audience than myself, but it was still a lovely read. I don't really want to post any spoilers so i will just say that Cass McKenna sees ghosts, and due to a certain set of circumstances has become the strange loner at school.

The metaphorical use of the phrase, that is, in relation to something not living and not able to become a ghost, is 19th century; for example, James Kirke Paulding's, Westward Ho!, 1832, includes: "At length it gave up the ghost, and, like an over-cultivated intellect, became incurably barren."

'*Give up the ghost' - meaning and origin.*
1. If you give up the ghost, you stop trying to do something, because you no longer believe that you can succeed. In Manhattan there was no Memorial Day parade this year. The organizers said they've given up the ghost after so few people came to see it last year.

Give Up the Ghost: Crewe, Megan: Amazon.nl
To give up the ghost means to expire or die, or in the case of a mechanical object, to stop working. The phrase give up the ghost may be traced back to the King James Bible, printed in the early 1600s. The term is used in several places in the Bible, including Mark 15:37: "And Jesus cried with a loud voice, and gave up the ghost."

Give up the ghost Idiom Definition – Grammarist
In "Give Up The Ghost" Megan Crewe weaves the supernatural into a story of two broken teenagers adrift in their pain who forge a bond of friendship and unexpectedly find healing. Cass McKenna who sees ghosts after the death of her sister and who hates the "poseurs" at school after her best friend spitefully hurt her has made it her mission to expose all their dirty little secrets.

Sixteen-year-old Cass's only friends are her dead sister and the school ghosts who feed her gossip that she uses to make students face up to their bad behavior, but when a popular boy asks for her help, she begins to reach out to the living again.

Cass McKenna much prefers ghosts over "breathers." Ghosts are uncomplicated and dependable, and they know the dirt on everybody...and Cass loves dirt. She's on a mission to expose the dirty secrets of the poseurs in her school. But when the vice president of the student council discovers her secret, Cass's whole scheme hangs in the balance. Tim wants her to help him contact his recently deceased mother, and Cass reluctantly agrees. As Cass becomes increasingly entwined in Tim's life, she's surprised to realize he's not so bad—and he needs help more desperately than anyone else suspects. Maybe it's time to give the living another chance....

"You think you have it all figured out, Max, but this isn't your game anymore." Max Weston knows that life is a game: Turn on the charm, say what people want to hear, and whatever you want is yours for the taking. What do a few lies matter if everyone ends up happy? His best friend, Davey, can't look a cute girl in the eye and barely scrapes by in school, so yeah, Max hassles him sometimes. But he always has the guy's back—even when a strange beast attacks Davey in the woods. As Davey heals, something awakens inside him. Something with razor-sharp teeth, vicious reflexes, and no patience for Max's ploys. Suddenly Davey is challenging Max, getting smarter, stronger, faster—and harder to control. Max plunges into a series of schemes to save his friend, but with each move he makes, Davey lashes back twice as hard. The monster inside him is calling the shots now, and the game it wants to play has deadly consequences for everyone Max loves. If Max forfeits, he's giving up on his best friend. But winning might mean losing even more. Teen Wolf meets Pretty Little Liars in this edge-of-your-seat supernatural thriller. Scroll up to sink your teeth into Beast now!

When a deadly virus begins to sweep through sixteen-year-old Kaelyn's community, the government quarantines her island—no one can leave, and no one can come back. Those still healthy must fight for dwindling supplies, or lose all chance of survival. As everything familiar comes crashing down, Kaelyn joins forces with a former rival and discovers a new love in the midst of heartbreak. When the virus starts to rob her of friends and family, she clings to the belief that there must be a way to save the people she holds dearest. Because how will she go on if there isn't? Megan Crewe crafts a powerful and gripping exploration of self-preservation, first love, and hope. Poignant and dizzying, this heart-wrenching story of one girl's bravery and unbeatable spirit will leave readers fervently awaiting the next book in this standout new series.

A collection of stories giving a new voice to three characters from Megan Crewe's Fallen World trilogy, and a glimpse of life beyond The Worlds We Make. "Carry the Earth" - When Kaelyn's news about the vaccine stirs up unrest at the artists' colony, Tessa struggles to protect the sanctuary she's carefully constructed. "Trial by Fire" - Drew tackles a new assignment that not only puts him at odds with his most vicious colleague and his life on the line, but may also determine the entire future of the Wardens. "Water Song" - After he convinces a boy to leave his sick mother, Leo commits to helping the now hostile kid settle into life with the surviving islanders while confronting his own self-doubts. Note: These stories are set after the three books in the Fallen World trilogy and contain spoilers for those books.

Audisee® eBooks with Audio combine professional narration and sentence highlighting to engage reluctant readers! It's a dark and stormy morning at Camp Dakota, but that won't keep Braelin from investigating the whispers coming from the lake. What else could it be, but ghosts? The campers try to record and amplify the sounds, but suddenly the eerie voices go mute. Braelin and Megan won't give up, even when their ghost hunt leads them deep into the woods. Can they use their sound smarts to get back safe? Look in the back of the book for experiments and more to help you become a science detective too!

The riveting conclusion to the Earth & Sky trilogy. The rebels have been disbanded, their plans in ruins. Captured by the Enforcers, Skylar and a small group of Earthlings find themselves herded into the Kemyates' living museum: basically, a human zoo. Skylar's companions are bewildered, terrified, and ignorant of their true situation, and Skylar is afraid to tell them more. Their lives hang on the Kemyates' whim. These Skylar trusted most have betrayed her. Any move she makes could result in the extinction of her people ... but giving in means giving up any hope of regaining their freedom. Returned home, Win has kept his life only by playing along with the story his former leader has spun to protect the rebels from sanction, but he can't stand knowing Skylar is imprisoned or watching his fellow Kemyates swallow the Council's lies about Earth. Win resolves to bring the truth to the Kemyate public and see the Earthlings finally freed ... though to do so he'll have to set aside caution and openly challenge those who rule his world. But neither Skylar nor Win are prepared when they uncover an even deeper conspiracy of betrayals and deceit—one that could push the uncertain future they're fighting for completely out of reach.

When the heir to a spirit kingdom discovers she is a human changeling raised as a decoy, she must adapt to her sudden loss of power and fight against horrific odds to save her home.

New York Times bestseller. They all thought he was gone. But he was alive and trapped inside his own body for ten years. In January 1988 Martin Pistorius, aged twelve, fell inexplicably sick. First, he lost his voice and stopped eating. Then he slept constantly and shunned human contact. Doctors were mystified. Within eighteen months he was mute and wheelchair-bound. Martin's parents were told an unknown degenerative disease left him with the mind of a baby and less than two years to live. Martin was moved to care centers for severely disabled children. The stress and headache shook his parents' marriage and their family to the core. Their boy was gone. Or so they thought. Ghost Boy is the heart-wrenching story of one boy's return to life through the power of love and faith. In these pages, readers see: A parent's resilience. The consequences of misdiagnosis. Abuse at the hands of cruel caretakers. The unthinkable duration of Martin's mental alertness betrayed by his lifeless body. We also see a life reclaimed—a business created, a new love kindled—all from a wheelchair. Martin's emergence from his own darkness invites us to celebrate our own lives and fight for a better life for others.

The first instalment in a mind-bending journey through time with a cast of unforgettable characters Seventeen-year-old Skylar has always been haunted by fleeting yet powerful feelings that something around her has gone wrong. Those impressions have never seemed to reflect anything real and have only earned her stares and whispers behind her back. But after she meets a mysterious boy named Win, she learns an unsettling truth: we are not alone on Earth. In fact, visitors from beyond the stars are manipulating our planet and the essential fabric of our world; life as we know it is starting to unravel. And Skylar—and her heightened awareness—just may be the key to our salvation.
