In the book
"Harriet Tubman:
The Road to
Freedom," the
life of Harriet
Tubman is
examined. Most
of the
information is
pure fact, but
some of the
information is
educated

guesses. Because
written
documents were
not required in
the 1800's most
of the educated
guesses are from
scientist that
tried to reenact
Tubman's life
with what they
do know about
her.

Tubman is a
fascinating and
certainly heroic
individual.

Clinton manages
to do a good job
creating a
highly readable
book despite
frequent
admissions that
there is an

awful lot that we don't know, due in part to the fact that Tubman remained illiterate her entire life. At the same time, Clinton seems a bit starstruck by her subject.
