After a brutal night in the ER, Luke can't fight his desire for his wild sister-in-law another second. It's been a lifetime of doing the right thing. Tonight he's going to follow desire instead. But even after the man she always thought was such a good boy turns out to be sinfully bad between the sheets, Janica soon realizes she wants more than Luke's body. She wants his heart too.

When a sprinkler malfunctioned at a Baltimore menswear store, three inches of water sat on the floor and much of the merchandise was wet. The owner, the author of this book, could have done the normal thing and sell the wet merchandise to a Jobber--a business that buys damaged goods in bulk for cheap. Instead, he did the OUTRAGEOUS thing--he advertised in a very OUTRAGEOUS way which resulted in receiving much more than he would have received from the Jobber. It was easy. Here is an OUTRAGEOUS idea--it's easy to make a lot of money from advertising. That's right, easy money! This book, OUTRAGEOUS ADVERTISING THAT'S OUTRAGEOUSLY SUCCESSFUL, explains in certain terms how to advertise and make money. Rich with examples and stories showing exactly how to implement a successful OUTRAGEOUS program, this book cracks the code on getting a return on your advertising dollars--an OUTRAGEOUS return!

Provides an overall introduction to the welding process, illustrating most of the common equipment and work techniques for both the home and shop welding.

A hands-on, step-by-step guide to properly maintaining your home Your home requires regular maintenance to operate safely and efficiently. The expert advice in this second edition of Home Maintenance For Dummies can help you save literally thousands of dollars each year by showing you how to perform home maintenance yourself! This new edition provides the latest tips on how to tune up your home and make repairs to every room of the house, from basement to attic. By combining step-by-step instructions and expert information, this practical guide gives you the skills to tackle everything from furnace tune-ups to leaky roofs. You'll also learn how to conduct routine inspections, keep major appliances running efficiently, and increase energy efficiency. Shows how to keep your home in tip-top shape, preserve its value, and avoid costly repairs Covers all rooms of the house, in addition to the roof, foundation, and exterior Explains how to keep all home systems and major appliances running smoothly Includes a seasonal maintenance schedule Provides the latest green maintenance options to help lower your utility bills James Carey and Morris Carey have a radio show, a newspaper column, and a Web site, all called On the House, and appear regularly on CBS News Saturday Morning. They are also the authors of Home Remodeling For Dummies If you've always wanted to tackle home repairs like a pro, Home Maintenance For Dummies, 2nd Edition is your ideal resource!

In 1912 Edward Bach qualified as a medical doctor and embarked upon a career which not only had a profound effect on medical science, but brought to ordinary people the world over, a simple, safe and effective system of healing. Dr. Bach made a detailed study of bacteriology, immunology and homeopathy and found a clear connection between chronic disease and negative mental attitudes. It was the relationship between mind and body which formed the basis of his further research and as he became increasingly convinced that emotional harmony was the key to good health, he was determined to find a simple, non-invasive and harmless method of healing which could be used safely by everyone. The Medical Discoveries of Edward Bach tells how Dr. Bach's work developed, from his childhood hopes and dreams of a healthy society, to the discovery of a complete system of 38 natural remedies which address all aspects of human nature, emotional outlook and personality. Edward Bach was an eminent physician whose remarkable contribution to medicine, healing and humanity has yet to be fully realised.

[This] introductory textbook examines theories of personality, starting from the viewpoint that there are eight basic aspects to personality: psychoanalytic, ego, biological, behaviorist, cognitive, trait, humanistic, and interactionist. Later chapters apply these aspects to individual differences such as those of gender and culture. Summaries after each chapter encapsulate key theorists and concepts discussed. -http://www.bn.com.

If you can build websites with CSS and JavaScript, this book takes you to the next level--creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Natalie Shapero spars with apathy, nihilism, and mortality, while engaging the rich territory of the 30s and new motherhood

Changing approaches to diagnosis and clinical management of the uterus are comprehensively examined in this book. It gives a concise update of new concepts in physiology and pathology and their application in clinical practice. The book is designed especially for the gynecologist actively involved in patient care. Topics discussed include the pathophysiology of diethylstilbestrol (DES) changes, the immunology of the uterus, papillomaviruses and cervical neoplasia, endocervical carcinoma, mesenchymal tumors and diagnostic procedures such as colposcopy of the cervix, hysterosalpingography, and magnetic resonance imaging. The status of contemporary management is presented for hysteroscopy and hysteroscopic surgery, the congenital absence of the uterus and vagina, anovulatory dysfunctional uterine bleeding of the adolescent, uterine leiomyomata, genital prolapse, endometrial adenocarcinoma and childhood rhabdomyosarcoma of the vagina and uterus.
