Description: The QM13021 can be configured for versatile antenna or impedance tuning applications. QM13021 has two tunable capacitors, three SPST's, and one SPDT in a single package. QM13021 is ...

This handbook, updated quarterly, presents market data, performance ratios, stock prices, and dividend information of recent quarterly results as well as future prospects in succinct one-page profiles. Filled with the latest available facts and figures, Mergent's Handbook of Common Stocks helps you make the most informed investment decisions.

“What the future fortunes of [Gramsci’s] writings will be, we cannot know. However, his permanence is already sufficiently sure, and justifies the historical study of his international reception. The present collection of studies is an indispensable foundation for this.” —Eric Hobsbawm, from the preface Antonio Gramsci is a giant of Marxian thought and one of the world’s greatest cultural critics. Antonio A. Santucci is perhaps the world’s preeminent Gramsci scholar. Monthly Review Press is proud to publish, for the first time in English, Santucci’s masterful intellectual biography of the great Sardinian scholar and revolutionary. Gramscian terms such as “civil society” and “hegemony” are much used in everyday political discourse. Santucci warns us, however, that these words have been appropriated by both radicals and conservatives for contemporary and often self-serving ends that often have nothing to do with Gramsci’s purposes in developing them. Rather what we must do, and what Santucci illustrates time and again in his dissection of Gramsci’s writings, is absorb Gramsci’s methods. These can be summed up as the suspicion of “grand explanatory schemes,” the unity of theory and practice, and a focus on the details of everyday life. With respect to the last of these, Joseph Buttigieg says in his Nota: “Gramsci did not set out to explain historical reality armed with some full-fledged concept, such as hegemony; rather, he examined the minutiae of concrete social, economic, cultural, and political relations as they are lived in by individuals in their specific historical circumstances and, gradually, he acquired an increasingly complex understanding of how hegemony operates in many diverse ways and under many aspects within the capillaries of society.” The rigor of Santucci’s examination of Gramsci’s life and work matches that of the seminal thought of the master himself. Readers will be enlightened and inspired by every page.
