Arguably the greatest science fiction writer who ever lived, Isaac Asimov also possessed one of the most brilliant and original minds of our time. His accessible style and far-reaching interests in subjects ranging from science to humor to history earned him the nickname "the Great Explainer." I. Asimov is his personal story—vivid, open, and honest—as only Asimov himself could tell it. Here is the story of the paradoxical genius who wrote of travel to the stars yet refused to fly in airplanes; who imagined alien universes and vast galactic civilizations while staying home to write; who compulsively authored more than 470 books yet still found the time to share his ideas with some of the great minds of our century. Here are his wide-ranging thoughts and sharp-eyed observations on everything from religion to politics, love and divorce, friendship and Hollywood, fame and mortality. Here, too, is a riveting behind-the-scenes look at the varied personalities—Campbell, Ellison, Heinlein, Clarke, del Rey, Silverberg, and others—who along with Asimov helped shape science fiction. As unique and irrepressible as the man himself, I. Asimov is the candid memoir of an incomparable talent who entertained readers for nearly

half a century and whose work will surely endure into the future he so vividly envisioned.

"Wonderfully, in Akashic's *Oakland Noir*, the stereotypes about the city suffer the fate of your average noir character—they die brutally." —*San Francisco Chronicle*
In the wake of *San Francisco Noir*, *Los Angeles Noir*, and *Orange County Noir*—all popular volumes in the Akashic Noir Series—comes the latest California installment, *Oakland Noir*. Masterfully curated by Jerry Thompson and Eddie Muller (the "Czar of Noir"), this volume will shock, titillate, provoke, and entertain. The diverse cast of talented contributors will not disappoint. *Oakland Noir* offers stories by Nick Petrulakis, Kim Addonizio, Keenan Norris, Keri Miki-Lani Schroeder, Katie Gilmartin, Dorothy Lazard, Harry Louis Williams II, Carolyn Alexander, Phil Canalin, Judy Juanita, Jamie DeWolf, Nayomi Munaweera, Mahmud Rahman, Tom McElravey, Joe Loya, and Eddie Muller. "From the Oakland hills to the heart of downtown, each story brings Oakland to life." —*San Jose Mercury News* "Oakland is a natural for the series, with its shadowy crimes and disgruntled cops." —*Zoom Street Magazine*
"San Francisco's grittier next-door neighbor gets her day in the sun in 16 new stories in this tightly curated entry in Akashic's Noir series. The hardscrabble streets of Oakland offer crime aplenty . . . Thompson and Muller have taken such pains to choose stories highlighting Oakland's diversity and history that the result is a volume rich in local culture as well as crime." —*Kirkus Reviews*

to create a new kind of infrastructure the world has simply not expected. The African narrative is changing. Today's Africa is an exciting, creative continent, packed with amazing potential. Moss Hart once said that you never really learn how to write a play; you only learn how to write this play. Crafted with that adage in mind, *The Dramatic Writer's Companion* is designed to help writers explore their own ideas in order to develop the script in front of them. No ordinary guide to plotting, this handbook starts with the principle that character is key. "The character is not something added to the scene or to the story," writes author Will Dunne. "Rather, the character is the scene. The character is the story." Having spent decades working with dramatists to refine and expand their existing plays and screenplays, Dunne effortlessly blends condensed dramatic theory with specific action steps—over sixty workshop-tested exercises that can be adapted to virtually any individual writing process and dramatic script. Dunne's in-depth method is both instinctual and intellectual, allowing writers to discover new actions for their characters and new directions for their stories. Dunne's own experience is a crucial element of this guide. His plays have been selected by the Eugene O'Neill Theatre Center for three U.S. National Playwrights Conferences and have earned numerous honors, including a Charles MacArthur Fellowship, four Bay Area Theatre Critics Circle Awards, and two Drama-Logue Playwriting Awards. Thousands of individuals have already benefited from his workshops, and *The Dramatic Writer's Companion* promises to bring his remarkable creative method to an even wider audience.

Hope Lies In The Past Like many college students struggling to get by, Lily Madison and Peter Kelly help pay for tuition by making donations to a local fertility clinic. One day they meet each other at the clinic and find they have more in common than their mutual attraction, like the odd feeling all is not as it seems at the clinic. But their meeting is brief and Lily and Pete go their separate ways. Twenty years later, Pete, now a wealthy entrepreneur, sees Lily in an airport and instantly falls for her all over again. While they enjoy their unlikely reunion, a story on the news captures their attention: the disappearance of two teenage boys may be linked to the fertility clinic Pete and Lily visited in college. In a shocking twist, one of the boys looks exactly like Pete. . . "Thrilling." --Booklist "A page turner and one of the author's best romantic suspense tales to date." --Fresh Fiction
