the hearts of kids and adults alike.” —NPR Winner of the Guardian Prize for Children’s Fiction Named a Best Book of the Year by The New York Times, The Wall Street Journal, and more!

A picture-book biography about science superstar Neil deGrasse Tyson, the groundbreaking American astrophysicist whose work has inspired a generation of young scientists and astronomers to reach for the stars! Perfect for STEM curricula and readers of all ages. Young Neil deGrasse Tyson was starstruck when he first visited the sky theater at the Hayden Planetarium in New York City. He couldn't believe the crowded, glittering night sky at the planetarium was real--until a visit to the country years later revealed the impossible. That discovery was like rocket fuel for Neil's passion about space. His quest for knowledge took him from the

roof of his apartment building to a science expedition in northwest Africa, to a summer astronomy camp beneath a desert sky, and finally back home to become the director of the Hayden Planetarium, where it all began. Before long, Neil became America's favorite guide to the cosmos. This story of how one boy's quest for knowledge about space leads him to become a star astrophysicist is perfect for young readers who are fascinated by the universe, aspiring scientists, and the dreamer in all of us. It will ignite your own sense of wonder.

In this hysterical #1 New York Times bestseller, one kid has to wrangle gators, snakes, bats that bite, and a reality show host gone rogue! This is Carl Hiaasen's Florida—where the creatures are wild and the people are wilder! When Wahoo Cray's dad—a professional animal wrangler—takes a job with a reality TV show called Expedition Survival!, Wahoo figures he'll have to do a bit of wrangling himself to keep his father from killing Derek Badger, the show's inept and egotistical star. But the job keeps getting more complicated: Derek Badger insists on using wild animals for his stunts; and Wahoo's acquired a shadow named Tuna—a girl who's
