"Since Mayor de Blasio launched the Housing New York Plan in 2014, New York City has accelerated the construction and preservation of affordable housing to levels not seen in 30 years. We are on track to secure more affordable housing in the first four years of the Administration than in any comparable period since 1978. The City has tripled the share of affordable housing for households earning less than \$25,000. Funding for housing construction and preservation has doubled, as have the number of homes in the City ' s affordable housing lotteries each year. Hundreds of once-

In January 2007, New York City Police Commissioner Raymond Kelly asked the RAND Corporation to assess whether his department was doing everything it could to minimize the unnecessary discharge of firearms. In particular, he asked RAND to examine the quality and completeness of the New York City Police Department firearm-training program and identify potential improvements in the design and delivery of the curriculum, the technology used, the frequency and duration of training sessions, the tactics and procedures on which the training is based, and the Department's firearm-discharge-review process. This monograph reports the observations, findings, and recommendations of that study.

If you live in New York City, you know this great city has seen and recovered from many disasters of every scale. But if the next Hurricane Sandy, 9/11, blizzard, power outage, fire, or heat wave hits your borough, would you be ready? With Disaster Preparedness NYC, learn what it takes to be prepared and react to disaster. This book is the go-to guide for emergency preparedness in New York City, from before (planning and packing and practicing) to during (making sure you have all the resources you need to survive for disasters that can last for days, and that you can communicate with those included in your emergency plan) to after. Find out how New York will respond to disaster, from the NYPD ' s managing of traffic to Hunts Point—which, few know, is one of the world ' s largest food distribution centers and a crucial part of long-term disaster survival in the tristate area. Included are checklists for home emergency kits and “ go bags ” when you seek shelter outside your home:

first aid, important documents, medications, food and water, and more. But disaster preparedness isn't just about what to pack. The best emergency planning is about people. If you're responsible for children, the sick, the elderly, the disabled, or pets, your emergency plan needs to be tailored to factor in each individual's limitations and special considerations, and Disaster Preparedness NYC covers preparing everyone you care about for disaster situations. You're probably familiar with what to do in a fire, flood, or power outage in your own home, but can you say the same if disaster hits when you're anywhere else—on the subway, on the sidewalk, or at the office? No matter what the emergency or where you are when it occurs, be prepared with Disaster Preparedness NYC. Appendixes include forms that summarize important medical and legal information, kid-friendly worksheets, and neighborhood maps of emergency information such as evacuation routes, flood zones, major supply stores, and more.

This volume is a comprehensive and reader-friendly book on hearing and adult hearing loss as well as the many options to facilitate hearing recovery.

The book showcases examples of university engagement in community initiatives and reports on the results from research and from a variety of institutional projects and programmes. As a whole, the book illustrates how actors at the community (microlevel) and other levels (meso and macro) can make valuable and concrete contributions to the implementation of the Sustainable Development Goals (SDGs)

and, more specifically, to achieving the objectives defined at the 2030 Agenda for Sustainable Development. It is one of the outcomes of the “ Second World Symposium on Sustainability Science ” , which was jointly organised by the Pontif í cia Universidade Cat ó lica do Paran á (Brazil), the Research and Transfer Centre “ Sustainable Development and Climate Change Management ” and the “ European School of Sustainability Science and Research ” at Hamburg University of Applied Sciences (Germany), in cooperation with the Inter-University Sustainable Development Research Programme (IUSDRP).

This volume discusses the Americans with Disabilities Act (ADA) and the rights it guarantees to those with disabilities including employment, transportation, public accommodations, government services, telecommunications, and access to public marketplaces. Also covers legislative provisions which are not part of the ADA. The Legal Almanac series serves to educate the general public on a variety of legal issues pertinent to everyday life and to keep readers informed of their rights and remedies under the law. Each volume in the series presents an explanation of a specific legal issue in simple, clearly written text, making the Almanac a concise and perfect desktop reference tool. All volumes provide state-by-state coverage. Selected state statutes are included, as are important case law and legislation, charts and tables for comparison.
