Peoplesoft Application Engine Exit

In an App Engine PeopleCode, it's not uncommon to see code that works on the following logic. You have a condition and if it's TRUE, you want Exit (1) to execute. If the condition is

# File Type PDF Peoplesoft Application Engine Exit

FALSE, you would like Exit (0) to execute. Depending on the way in which you have designed the App Engine, this can completely change its flow.

---

25 PeopleSoft Technical Interview  
Questions And Answers ...

When creating PeopleCode actions in  
Application Engine, the App Designer  
defaults in a "Skip" for the "On Return"

## File Type PDF Peoplesoft Application Engine Exit

property of the action. This means if "exit 1" or "return 1" statements are encountered, the PeopleCode action will be skipped, and the App Engine will continue processing.

---

Beware of the "On Return" property of
