After Assistant Canton County Commonwealth Attorney Kit Babcock reports sleazy attorney Walt Brown for unethical conduct, the money for her position mysteriously dries up. Facing imminent unemployment, Kit wonders whether she should return to her old job of prosecuting lawyers for ethics violations (where, in fact, she once prosecuted Walt), but that means leaving home. And maybe returning to a position where she got burnt out prosecuting horrible attorneys isn't the best idea. Then Kit wins a write-in election for Canton Circuit Court Clerk--a write-in election she didn't encourage at all. But on Election Night, the defeated incumbent, Gary Moss, publicly and to her face threatens to sue Kit to keep his office, claiming she must have won by fraud. Kit wonders if the job is worth the lawsuit that will come with it. As Kit ponders whether she should accept the office, Gary rather inconveniently turns up dead. And while the death seems to be an accident, information soon comes to light that the late Mr. Moss was actually murdered. And Kit becomes the prime suspect. Unless the real murderer is discovered, Kit can forget about being the clerk or going back to her old job--not to mention keeping her law license and her freedom. ELECTIONS AND CONSEQUENCES is the first novel in the Canton County Chronicles Mystery Series by C.M. Carleton.

At the end of the First World War, the landscape of the Western Front in Flanders had been transformed into a wasteland. After the war, the population returned, faced with the enormous challenge of rebuilding the region and making it inhabitable again. All traces of the war were wiped out, leaving only what was left in the ground - what is now the archaeological soil archive. Throughout the Westhoek, 30 centimetres beneath the ground and invisible to the naked eye, the archaeological remains of the war lie dormant. This book, the first of its kind, is a compendium of the findings of ten years of First World War archaeology in Belgium. Clearly written, it looks at many spectacular finds resulting from excavations at more than 150 sites in the front-line region, and also delves into the unexpected role of the landscape as the last witness of the war. These material remains from military camps, hospitals and trenches illustrate day-to-day life at the front, while also looking at the personal fates of several of the fallen soldiers - and many horses. The text is supported by a wealth of visual data, including photographs of excavated artefacts, maps, aerial photographs and other archive material.

Ernst Jünger was one of twentieth-century Germany ' s most important—and most controversial—writers. Decorated for bravery in World War I and the author of the acclaimed western front memoir *Storm of Steel*, he frankly depicted war ' s horrors even as he extolled its glories. As a Wehrmacht captain during World War II, Jünger faithfully kept a journal in occupied Paris and continued to write on the eastern front and in Germany until its defeat—writings that are of major historical and literary significance. Jünger ' s Paris journals document his Francophile excitement, romantic affairs, and fascination with botany and entomology, alongside mystical and religious ruminations and trenchant observations on the occupation and the politics of collaboration. While working as a mail censor, he led the privileged life of an officer, encountering artists such as Céline, Cocteau, Braque, and Picasso. His notes from the Caucasus depict the chaos after Stalingrad and atrocities on the eastern front. Upon returning to Paris, Jünger observed the French resistance and was close to the German military conspirators who plotted to assassinate Hitler in 1944. After fleeing France, he reunited with his family as Germany ' s capitulation approached. Both participant and commentator, close to the horrors of history but often distancing himself from them, Jünger turned his life and experiences into a work of art. These wartime journals appear here in English for the first time, giving fresh insights into the quandaries of the twentieth century from the keen pen of a paradoxical observer.
