Theft Squad faces the most critical challenge of his whole career.

Witty and clever art history-mystery featuring Jonathan Argyll, from the author of the bestselling masterpiece 'An Instance of the Fingerpost'. General Bottando of Rome's Art Theft Squad is in trouble: his theory that a single master criminal, dubbed 'Giotto', is behind a string of major art thefts has aroused the scorn of his arch enemy and rival, the bureaucrat Corrado Argan. He needs a result, and the confession of a dying woman may just provide the vital clue. In pursuit of the elusive Giotto, Bottando's colleague, Flavia di Stefano, sets off hotfoot for Florence, and English art dealer Jonathan Argyll is dispatched to London and then on to rural Norfolk - only to discover a body and a mystery which could lead to the greatest art find of his career...

Clever italian art-history crime series featuring scholar and dealer Jonathon Argyll, from the author of the best-selling masterpiece 'An instance of the Fingerpost'. The hardest part of being an art dealer is having to sell your beloved works. For Jonathan Argyll, the pain is soothed when an American billionaire agrees to pay a vast sum for a relatively minor piece. Arriving in the Californian sunshine eager to collect his cheque, Jonathan bumps into one of his less scrupulous colleagues, and discovers he is

not the American's only seller. A bust of Pope Pius V is being smuggled out of Italy, and trouble is following in its wake. Within hours, Jonathan's billionaire is dead and both the smuggler and his bust have gone missing. Thinking things can't get any worse, Jonathan calls for the help of the Italian Art Theft Squad - and instead finds himself the killer's next target...

From internationally bestselling author Iain Pears comes the seventh in his Jonathan Argyll series -- an intriguing mystery of love, loss, and artistic license. For newlywed and Italian art theft squad head Flavia di Stefano, the honeymoon is over when a painting, borrowed from the Louvre and en route to a celebratory exhibition, is stolen. Desperate to avoid public embarrassment -- and to avoid paying a ransom -- the Italian prime minister leans hard on Flavia to get it back quickly and quietly. Across town, her husband, art historian Jonathan Argyll, begins an investigation of his own, tracing the past of a small Renaissance painting -- an Immaculate Conception -- owned by Flavia's mentor, retired general Taddeo Bottando. Soon both husband and wife uncover astonishing and chilling secrets, and Flavia's investigation takes a sudden turn from the search for an art thief to the hunt for a murderer.

revolving around an ancient text and each with a love story at its centre, are the elements of this brilliantly ingenious novel, a follow-up to the international bestseller *An Instance of the Fingerpost*. Now Ian Pears returns with a greatly anticipated novel, so expertly imagined and perfectly constructed the author himself describes it as "a complexity." The centuries are the 5th (the final days of the Roman Empire); the 14th (the years of the Plague – the Black Death); and the 20th (World War II). The setting for each is the same – Provence – and each has at its heart a love story. The narratives intertwine seamlessly, and what joins them thematically is an ancient text – "The Dream of Scipio" – a work of neo-Platonism that poses timeless philosophical questions. What is the obligation of the individual in a society under siege? What is the role of learning when civilization itself is threatened, whether by acts of man or nature? Does virtue lie more in engagement or in neutrality? "Power without wisdom is tyranny; wisdom without power is pointless," warns one of Pears's characters. The Dream of Scipio is a bona fide novel of ideas, a dazzling feat of storytelling, fiction for our times.

At his London home, John Stone falls out of a window to his death. A financier and arms dealer, Stone was a man so wealthy that he was able to manipulate markets, industries, and indeed entire countries and continents. Did he jump, was he pushed, or was it merely a tragic accident? His alluring and enigmatic widow hires a young crime reporter to investigate. The story moves backward in time—from London in 1909 to Paris in 1890 and finally to Venice in 1867—and the attempts to uncover the truth play out against the backdrop of the evolution of high-stakes international finance, Europe's first great age of espionage, and the start of the twentieth century's arms race. Stone's Fall is a tale of love and frailty, as much as it is of high finance and skulduggery. The mixture, then, as now, is an often fatal combination.

Witty Italian art-history crime series featuring English dealer Jonathan Argyll, from the author of the best-selling literary masterpiece, 'An Instance of the Fingerpost'. Membership of the prestigious Titian Committee is normally considered a high honour. Normally, that is, until two of its members end up dead and someone seems to be taking the idea of backstabbing a little too far. Flavia de Stefano of Rome's Art Theft Squad is sent to find out why. She calls upon the help of dealer Jonathan Argyll, in Venice to buy a picture from the Marchesa di Mulino.

But the sudden theft of the Marchesa's collection sets Flavia and Jonathan on a tortuous trail to uncover the truth. A further death threatens the very survival of the Committee itself, as well as offering the tantalizing possibility of an undiscovered Titian - a mysterious composition that may have been suppressed for 'moral' reasons....
