What is masculinity? Ask ten men and you'll get ten vague, conflicting answers. Unlike any book of its kind, The Way of Men offers a simple, straightforward answer-without getting bogged down in religion, morality, or politics. It's a guide for understanding who men have been and the challenges men face today. The Way of Men captures the silent, stifling rage of men everywhere who find themselves at odds with the over-regulated, over-civilized, politically correct modern world. If you've ever closed your eyes and wished for one day as a lion, this book is for you.

What is your true purpose in life? What do women really want? What makes a good lover? If you're a man reading this, you've undoubtedly asked yourself these questionsbut you may not have had much luck answering them. Until now. In The Way of the Superior Man David Deida explores the most important issues in men's livesfrom career and family to women and intimacy to love and spiritualityto offer a practical guidebook for living a masculine life of integrity, authenticity, and freedom. Join this bestselling author and internationally renowned expert on sexual spirituality for straightforward advice, empowering skills, body practices, and more to help you realize a life of fulfillment, immediately and without compromise.

Men today have the ability to read and be inspired by masculine myths and stories from all of the world's religions. We can see how they evolved from one to another. Still, so many men find themselves searching for some sense of what is sacred and want to connect to something eternal, something greater than themselves. The question is: with so many choices, so many traditions, so many gods and heroes - which ones? In Fire in the Dark, author Jack Donovan - best known for his underground classic, The Way of Men - explores the common themes in these myths that are still relevant to the lives of men today. Beginning with the simple, primal metaphor of the campfire, Donovan identifies a tripartite system of masculine roles and shows how those roles have been repeated again and again throughout the history of myth and religion. It is the nature of men to create order from chaos, and when order has been created, it is the work of men to protect and perpetuate that order. These jobs have been idealized in world-ordering sky fathers and thundering warriors and fertility gods. Donovan has integrated these ideals into a natural religion for men that is not new, but actually draws from the very oldest ideas about what it means to be a man.

The Way of a Man with a Maid (1908) is an erotic novel. Published anonymously, The Way of a Man with a Maid has long attracted controversy for its graphic depiction of rape, abuse, and incest, and continues to be read today as an important example of popular British erotica of the early twentieth century. Alternating between descriptions of sadomasochistic sex, the narrator 's vindictive interior monologue, and a dark humor woven throughout, The Way of a Man with a Maid provides insight into the sexual fantasies of men from a bygone era. "I, the man, will not take up the time of my readers by detailing the circumstances under which Alice, the maid, roused in me the desire for vengeance which resulted in the way I adopted and which I am about to relate. Suffice it then to say that Alice cruelly and unjustifiably jilted me! In my bitterness of spirit, I swore that if I ever had an opportunity of getting hold of her, I would make her voluptuous person recompense me for my disappointment..." Casting himself as a sworn enemy of womankind, Jack, a jaded English gentleman, roams the streets in search of women to corrupt. As his power grows, increasing his circle of accomplices, he performs more daring—and often more disturbing—sexual acts. This graphic exploration of taboo, torture, and desire remains an important text in the history of erotica and obscenity laws, pushing the boundaries of Edwardian society while continuing to challenge our own. With a beautifully designed cover and professionally typeset manuscript, this edition of The Way of a Man with a Maid is a classic work of erotica reimagined for modern readers.

Two seminal works by one of our greatest thinkers. Let this book show you how the way you think affects your daily life. You'll learn how to be happier, wealthier, and lead a fuller life. Millions of people have found the pathway to wealth and fulfillment with these two books; and you can have them both in one binding.

The gentleman who graced the gubernatorial armchair of our state when this century was born happened to be an admirer of classic lore and the sonorous names of antiquity. It is owing to his weakness in bestowing pompous cognomens on our embryo towns and villages that to-day names like Utica, Syracuse, and Ithaca, instead of evoking visions of historic pomp and circumstance, raise in the minds of most Americans the picture of cocky little cities, rich only in trolley-cars and Methodist meeting-houses.

A nonfiction investigation into masculinity, For The Love of Men provides actionable steps for how to be a man in the modern world, while also exploring how being a man in the world has evolved. In 2019, traditional masculinity is both rewarded and sanctioned. Men grow up being told that boys don ' t cry and dolls are for girls (a newer phenomenon than you might realize—gendered toys came back in vogue as recently as the 80s). They learn they must hide their feelings and anxieties, that their masculinity must constantly be proven. They must be the breadwinners, they must be the romantic pursuers. This hasn ' t been good for the culture at large: 99% of school shooters are male; men in fraternities are 300% (!) more likely to commit rape; a woman serving in uniform has a higher likelihood of being assaulted by a fellow soldier than to be killed by enemy fire. In For the Love of Men, Liz offers a smart, insightful, and deeply-researched guide for what we're all going to do about toxic masculinity. For both women looking to guide the men in their lives and men who want to do better and just don ' t know how, For the Love of Men will lead the conversation on men's issues in a society where so much is changing, but gender roles have remained strangely stagnant. What are we going to do about men? Liz Plank has the answer. And it has the possibility to change the world for men and women alike.

A man leaves his father and mother and is joined to his wife, and the two are united into one. Genesis 2:24 NLT An invitation to harness the magnetic draw of your differences and blend better with your spouse in life and love. Where there's a WILL, there's a WAY. . .While a man possesses a unique God-given motivational propensity for exercising a strong will in life, a woman conversely possesses a unique God-given propensity for discerning the appropriate way of life. Through ups and downs, these magnetic tensions have helped husband and wife writing team, Robert and Pamela Crosby, learn to balance, bend, and blend in their marriage—to appreciate the balance their differences bring, to bend more appropriately in response to each other, and to move toward a more joyous blend that can only emerge out of two quite different ways somehow turned into one. Simply put, where there ' s a WILL, there ' s a WAY.

Becoming a Barbarian is a follow-up to Donovan's cult hit, The Way of Men. Good, modern, "civilized" Western men today are expected to think like "citizens of the world" - obligated to everyone and no one. Natural, meaningful tribal connections have been substituted with synthetic, disposable consumer identities. Without a sense of who they are and what group they have a place in, modern men are becoming increasingly detached, disoriented, vulnerable, and ever more easily manipulated. Becoming a Barbarian attacks the emasculated emptiness of life in the modern West - "The Empire of Nothing" -and shows men how to think tribally again. It reveals the weaknesses of universalistic thinking, and challenges readers to become the kind of men who could go "all-in" and devote their lives to one group of people above all others. Becoming a Barbarian is about finding a tribe, finding a purpose, and choosing to live the kind of life that undermines the narrative of the Empire.

Named a Best Book by: The Globe and Mail, Indigo, Out Magazine, Audible, CBC, Apple, Quill & Quire, Kirkus Reviews, Brooklyn Public Library, Writers ' Trust of Canada, Autostraddle, Bitch, and BookRiot. Finalist for the 2019 Lambda Literary Award, Transgender Nonfiction Nominated for the 2019 Forest of Reading Evergreen Award Winner of the 2018 Alcuin Society Awards for Excellence in Book Design — Prose Non-Fiction "Cultural rocket fuel." --Vanity Fair "Emotional and painful but also layered with humour, I'm Afraid of Men will widen your lens on gender and challenge you to do better. This challenge is a necessary one—we must all take up. It is a gift to dive into Vivek's heart and mind." --Rupi Kaur, bestselling author of The Sun and Her Flowers and Milk and Honey A trans artist explores how masculinity was imposed on her as a boy and continues to haunt her as a girl—and how we might reimagine gender for the twenty-first century. Vivek Shraya has reason to be afraid. Throughout her life she's endured acts of cruelty and aggression for being too feminine as a boy and not feminine enough as a girl. In order to survive childhood, she had to learn to convincingly perform masculinity. As an adult, she makes daily compromises to steel herself against everything from verbal attacks to heartbreak. Now, with raw honesty, Shraya delivers an important record of the cumulative damage caused by misogyny, homophobia, and transphobia, releasing trauma from a body that has always refused to assimilate. I'm Afraid of Men is a journey from camouflage to a riot of colour and a blueprint for how we might cherish all that makes us different and conquer all that makes us afraid.
