The White Goddess is perhaps the finest of Robert Graves's works on the psychological and mythological sources of poetry. In this tapestry of poetic and religious scholarship, Graves explores the stories behind the earliest of European deities—the White Goddess of Birth, Love, and Death—who was worshipped under countless titles. He also uncovers the obscure and mysterious power of "pure poetry" and its peculiar and mythic language.

This labyrinthine and extraordinary book, first published more than fifty years ago, was the outcome of Graves's vast reading and curious research into strange territories of folklore, mythology, religion and magic. Erudite and impassioned, it is a scholar-poet's quest for the meaning of European myths, a polemic about the relations between man and woman, and also an intensely personal document in which Graves explored the sources of his own inspiration and, as he believed, all true poetry. This new edition has been prepared by Grevel Lindop, who has written an illuminating introduction. The text of the book incorporates all Graves's final revisions, as well as his replies to two of the original reviewers, and a long essay in which he describes the months of inspiration in which *The White Goddess* was written.

In 1948 Robert Graves published *The White Goddess*. His study of poetic mysticism and goddess worship has since become a founding text of Western paganism. As Wicca emerged from what Graves called, a few hopeful young people in California, to over two million strong, *The White Goddess* has achieved near liturgical status. This rising appreciation brings all the problems of liturgical texts. Many pagans consider Graves' work like the goddess herself; awe inspiring but impenetrable. *Stalking The Goddess* is the first extensive examination of this enigmatic text to come from the pagan community and guides readers through bewildering forests of historical sources, poems, and Graves' biography to reveal his unorthodox claims and entrancing creative process. Relentlessly perusing each path, it explores the uncharted woods and reveals the hidden signposts Graves has posted. The hunt for the goddess spans battlefields, ancient manuscripts, the British museum, and Stonehenge. En route we encounter not only the goddess herself but her three sacred animals; dog, roebuck, and lapwing. Perhaps the muse cannot be captured on her own grounds, but now at least there is a map.

Edward Venn-Thomas lives in the twentieth century but has been mysteriously transported to the future, and the apparently idyllic society of New Create, where there is no hunger, no war and no dissatisfaction. However Venn-Thomas is starting to find life among the New Cretans rather dull. He comes to realize that their perfect existence, inspired by the poets and magicians of their strange occultic religion, lacks one fundamental thing - evil. So Venn-Thomas sees it as nothing less than his duty to introduce them to the darker side of life. First published in 1949 and also known as *Watch the North*

File Type PDF The White Goddess A Historical Grammar Of Poetic Myth Robert Graves

Wind Rise, Graves's novel is a thrilling blend of utopian fantasy, science fiction and mythology.

The I, Claudius author's lightning sharp interpretations and insights . . . are here brought to bear with equal effectiveness on the Book of Genesis (Kirkus Reviews). This is a comprehensive look at the stories that make up the Old Testament and the Jewish religion, including the folk tales, apocryphal texts, midrashes, and other little-known documents that the Old Testament and the Torah do not include. In this exhaustive study, Robert Graves provides a fascinating account of pre-Biblical texts that have been censored, suppressed, and hidden for centuries, and which now emerge to give us a clearer view of Hebrew myth and religion than ever. Venerable classicist and historian Robert Graves recounts the ancient Hebrew stories, both obscure and familiar, with a rich sense of storytelling, culture, and spirituality. This book is sure to be riveting to students of Jewish or Judeo-Christian history, culture, and religion.
