All registrars must follow the Uniform Domain-Name Dispute-Resolution Policy (often referred to as the "UDRP"). Under the policy, most types of trademark-based domain-name disputes must be resolved by agreement, court action, or arbitration before a registrar will cancel, suspend, or transfer a domain name.

Uniform Domain-Name Dispute-Resolution Policy - ICANN
The Uniform Domain-Name Dispute-Resolution Policy is a process established by the Internet Corporation for Assigned Names and Numbers for the resolution of disputes regarding the registration of internet domain names. The UDRP currently applies to all generic top level domains, some country code top-level domains, and some older top level
